MATS CENTRE FOR DISTANCE AND ONLINE EDUCATION (MCDOE)

**ODL MODE
ONLINE MODE**

Established in 2006, MATS University has emerged as a prestigious institution in Chhattisgarh, known for its commitment to quality education, innovative teaching practices, and holistic student development. Accredited by UGC and other leading educational bodies, MATS University consistently ranks among top institutions for excellence in higher education.

Vision

To emerge as a globally recognized platform delivering innovative and transformative online education, transcending geographical and temporal barriers, fostering lifelong learning, and creating leaders equipped with the skills necessary to excel in an ever-evolving global environment.

Mission

- To deliver high-quality, flexible, and accessible online education enriched with state-of-the-art technology and global standards.
- To foster intellectual growth, critical thinking, and ethical values, enabling learners to effectively address real-world challenges.
- To empower professionals, entrepreneurs, and global leaders with knowledge, innovation, and technological skills for lifelong success.
- To establish strong industry and academic collaborations for offering contemporary, industry-relevant, and outcome-oriented online programmes.

MATS Centre for Distance and Online Education (MCDOE)

Delivering Quality, Flexibility & Accessibility in Higher Education

The **MATS Centre for Distance and Online Education (MCDOE)** is the dedicated wing of **MATS University** committed to extending the reach of quality higher education beyond traditional classrooms. Aligned with the vision of the **National Education Policy (NEP) 2020** and **UGC-DEB regulations**, MCDOE provides flexible, technology-enabled learning opportunities to students across India and beyond.

MCDOE plays a pivotal role in enabling **lifelong learning**, catering to diverse learner profiles including working professionals, homemakers, rural students, and career switchers. Through its robust **digital infrastructure, outcome-based curriculum, and learner-centric approach**, the Centre aims to make education inclusive, relevant, and future-ready.

About the Director – Leadership with Vision

The MATS Centre for Distance and Online Education is led by an experienced **Director**

MCDOE Director has a strong academic and administrative background in digital pedagogy and open learning systems. The Director oversees strategic planning, compliance, program delivery, and innovation within the Centre.

With a deep understanding of both traditional and online education models, the Director ensures that the Centre maintains **academic integrity, learner engagement, and regulatory excellence**. Under their leadership, MCDOE continually upgrades its curriculum, integrates industry trends, and strengthens its digital ecosystem to deliver on the promise of **accessible and affordable higher education**.

Academic and Administrative Team

The Centre is supported by a dedicated team of **academic coordinators, program managers, instructional designers, e-content developers, and administrative officers**. Together, they ensure smooth functioning across all stages of program development and delivery—from admission to examination.

- **Academic Staff** are drawn from MATS University's pool of **NAAC A+ accredited faculties**, ensuring content quality, mentorship, and academic guidance.
- **Administrative Support Staff** handle admissions, examination logistics, compliance, and learner documentation with efficiency and transparency.
- **Technical and Content Support** teams ensure continuous improvement of Learning Management Systems (LMS), student portals, and multimedia content.

MCDOE: Your Gateway to Flexible Excellence

The MATS Centre for Distance and Online Education is not just a delivery mechanism—it is a **comprehensive learning ecosystem** committed to providing **equal learning opportunities, employable skills, and academic excellence**.

Whether you are looking to pursue a degree, upgrade your skills, or explore new domains, **MCDOE offers the convenience of location with the credibility of a NAAC A+ university**.

Messages from Our Leaders

Shri Gajraj Pagariya
Chancellor

Message from the Chancellor

“Our Open and Distance Learning and Online Programs align seamlessly with the mission and vision of MATS University to make quality higher education accessible to everyone, everywhere. We strive to empower our learners to become global leaders and responsible citizens through innovative and holistic educational experiences.”

Prof. (Dr.) K.P. Yadav
Vice-Chancellor

Message from the Vice-Chancellor

“Our Open and Distance Learning and Online Programs are dedicated to providing a strong and robust quality education, ensuring academic rigor and relevance to industry needs. We are committed to helping every student excel through flexible and engaging educational approaches.”

Priyesh Pagariya
Director General

Message from the Director General

“At MATS University, our Open and Distance Learning and Online Programs initiatives are student-friendly and dedicated to timely delivery of knowledge, empower that learners to unlock their potential wherever they are. We ensure quality education is always accessible, flexible, and effective.”

Gokulananda Panda
Registrar

Message from the Registrar

“Our Open and Distance Education and Online Programs fully embodies the ethos and innovative principles of the National Education Policy 2020. We offer personalised, flexible learning paths that foster critical thinking, creativity, and lifelong learning.”

Programmes Offered Under Distance Education

Empowering Learners Through Flexible, Quality, Self-Paced Education

The **MATS Centre for Distance and Online Education (MCDOE)** offers a wide array of **UGC-DEB** approved Undergraduate, Postgraduate and Diploma programmes designed to meet the academic aspirations and career goals of learners from all walks of life. All programmes are developed in line with the **Choice-Based Credit System (CBCS)** and follow the UGC (ODL & Online Programmes) Regulations, 2020.

At **MCDOE**, learners engage in self-paced education through 100% in-house developed Self Learning Materials (SLM) that are structured, pedagogically sound, and multi-format. These SLMs are crafted by subject experts and updated regularly to stay relevant with current academic and industry standards. The learning experience is supported by:

- Printed and Digital SLMs with clear objectives, unit-wise content, illustrations, and case studies
- Continuous Internal Assessment (30%) through assignments and activities
- End Semester Examinations (70%) conducted as per UGC-DEB norms
- Learner Support Centres & Faculty Interaction for guidance, doubt resolution, and academic mentoring

MCDOE ensures that students can “Learn Anytime, Anywhere” without compromising on quality, structure, or academic rigour.

Undergraduate Degree Programmes (3 Years | 6 Semesters)

B.A. – General

Humanities-focused education with flexible subject combinations and strong grounding in social sciences. It help students develop analytical thinking, communication skills, etc. suited for civil services, education and media careers.

B.Com.

Strong theoretical and applied knowledge in commerce, accounting and economics. Graduates are well-prepared for careers in banking, taxation, auditing and for pursuing CA, CS, or M.Com qualifications.

B.Sc. - General

Offers structured modules in Chemistry, Botany, and Zoology, with practical-oriented SLMs. Ideal for students aiming at careers in healthcare, life sciences, agriculture, or further postgraduate study.

BCA

Equips students with technical knowledge in computing, data handling and programming. The course includes database management, web development and emerging IT trends, opening pathways to software and tech careers.

BBA

Prepares learners in foundational and functional areas of business and entrepreneurship. It builds early leadership, problem-solving, and digital business competencies suitable for startups and corporate roles.

DCA

Practical training in Office tools, internet and data entry applications. Entry-level certification for roles in administration, clerical and IT support services.

Postgraduate Degree Programmes

M.A. – ENGLISH

Literature, linguistics and global literary studies with critical theory integration. Enables careers in academia, publishing, translation, media and competitive exams focused on language and literature.

M.COM.

Advanced learning in corporate finance, taxation and business law. This programme is ideal for aspirants of higher research, professional certifications, or roles in banking and financial analysis.

MSW

Focuses on community engagement, NGO practice, and social development theory. Learners are prepared to work in welfare organizations, CSR initiatives and public service sectors.

M.Sc. Chemistry

Advanced modules in physical, inorganic and organic chemistry with an emphasis on industrial and environmental applications. Graduates may pursue roles in pharmaceuticals, research or teaching.

M.Sc.- Maths

Covers mathematical modeling, research and computational techniques. Prepares learners for roles in academia, analytics, research labs and quantitative sectors.

MBA

Specializations in HR, Marketing, Finance, and Strategy with a focus on leadership and global business outlook. Prepares future managers, analysts, consultants and entrepreneurs.

MCA

Core and advanced computing, data structures, cloud computing and AI. This programme is suited for roles in software engineering, system design, IT project management and innovation hubs.

M.A.-Education

Focuses on educational theory, research methodology and policy analysis. Ideal for teacher educators, curriculum developers and education administrators.

M.A.- Hindi

Covers classical and modern Hindi literature, linguistics and criticism. Suitable for teaching, writing, media, translation and academic research.

B.Lib.I.Sc.

Foundation in library science, digital cataloguing and archiving. Graduates can work in schools, colleges, universities, government libraries and documentation centers.

M.Lib.I.Sc.

Research-focused training in information systems, metadata and digital libraries. Enhances career opportunities in national repositories, academic institutions and knowledge management firms.

PGDCA

Upskilling programme in programming, system software and data management. Ideal for graduates seeking fast-track tech credentials for IT jobs or further MCA studies.

Why Choose MATS Open and Distance Education?

Choosing MATS University for Open and Distance Education offers numerous distinct advantages:

UGC-Entitled Courses:

Earn degrees recognized globally, ensuring credibility and acceptance across industries and academia.

Flexible Learning

Enjoy the freedom to study anytime, anywhere, aligning education seamlessly with your personal and professional life.

Interactive Digital Platform

Engage with cutting-edge online resources, virtual classrooms, webinars, interactive discussions, and a rich digital library.

Expert Faculty

Learn from distinguished academicians and industry leaders committed to providing mentorship and real-world insights.

Career-Oriented Programs

Benefit from programs specifically tailored to match industry demands, significantly enhancing employability and career progression.

Affordable Education

Access high-quality education without the financial strain, making it feasible for students from diverse backgrounds.

Robust Student Support

Receive personalized guidance, academic counseling, and round-the-clock support to ensure an enriching learning experience.

Comprehensive Study Material:

Gain access to meticulously crafted study materials updated regularly to reflect the latest industry trends and academic standards.

Admission Process for ODL Mode

The eligibility criteria for admission in any programme at MATS Centre for Open and Distance Education (MCODE) requires that learners should have the minimum qualification from a recognized Board of Education to enroll in a particular programme. Applicants can conveniently access all admission-related information, including the application process, through the University's website or by contacting the helpdesk.

The admission form can be downloaded from the University's website and submitted via online or offline mode. Upon receipt, the University will review the documents and process the fee payment. Once the payment is completed, the admission will be confirmed, and an enrollment number will be issued to the student. Following are the key steps to get admission in any programme offered by MATS Centre for Open and Distance Education (MCODE):

- At first MATS Centre for Open and Distance Education (MCODE) will publish the notification regarding admission in various media along with the University's website. Learners can also contact the university's help desk for any admission related queries.
- After the notification of admission learners should have to receive the prospectus in which the admission form will be attached.
- Before enrolling in any programme offered by MCODE, students have to create their Academic Bank of Credit (ABC) Id.
- The next step is to generate Distance Education Bureau (DEB) ID by the learners (A help desk regarding this will be available to sort out the learner's issues regarding ABC and DEB ID).
- ABC ID and DEB ID is compulsory for the learner to get enrolled in a programme offered by MCODE.
- After the generation of ABC ID and DEB ID learners will be able to enroll themselves.
- After the registration the learner, will have to submit all the required documents to the University via any medium learner is able to access.

Key Features:

Our Open and Distance Education Programme is distinguished by:

- **Comprehensive Study Material:** Well-structured, up-to-date materials available both digitally and in printed form, ensuring easy access and effective learning.
- **Examinations:** Safe and Secure Examination with adequate seating capacity and basic amenities for examinees.
- **Student Support:** Dedicated helpdesk, online counseling, and personalized mentoring available to assist with academic and administrative queries.
- **Contact Sessions:** Interactive and face-to-face contact sessions, doubt clearing sessions, discussion and guidance led by experience faculty, promoting active participation and enriched learning experience.
- **Digital Library:** Extensive collection of digital books, journals, articles, and research resources accessible anytime, enhancing academic research and knowledge.
